

Churchville Announcer

Fall 2010

A Message from the Editor.....

This will be a very brief newsletter to update you on the many things going on with the Churchville Lions Club.

I would like to thank everyone for their efforts of the past weeks to get the ads for the upcoming ad book. The effort will yield a little over \$2500 net for the club. Great job! I hope to have the books and ad board prepared for the first Turkey Shoot on October 23rd. Please check the website in the near future. I intend to work with Lion Tammy on setting up the links of our club sponsors. Great job Tammy, the site looks great.

I would also like to thank everyone for their efforts with the Churchville Elementary School. We have purchased school supplies for those that could not, contributed to a beautiful playground, sponsor to the upcoming green play at the school, and contributions to the future reading/technology/science room. I know we help those in need, but it is also nice to help those who will be our future. Thank you, thank you, thank you.

Yours in Lionsim
Lion Dave
